REPORT OF BUILDING INSPECTOR FOR 1960

As I submit this report I have read and studied the articles that have been entered for your vote at this year's meeting on zoning. I urge you to give careful study to the articles by March 14th. I think everyone agrees that we as a town can be and are proud of Chesterfield. I believe this another step to keep it that way.

The past year found 50 permits issued and 32 completed.

Again I would like to remind those obtaining permits that after you have completed the job it is necessary to notify the inspector to release you from your permit.

Respectfully submitted,

GEORGE E. JOSLIN

REPORT OF CHESTERFIELD LIBRARY

January 1, 1961

To the Trustees of the Chesterfield Library:

The year 1960 was a fine year for the Chesterfield Library. During the past year the Children's Room was redecorated. The walls were painted a soft rose and the shelves and cupboards a slightly darker shade. New floor was laid and matches the main room very well. This work has given the room a more cheerful atmosphere.

Gifts presented to the library during the past year are as follows:

- 1 book—Mrs. Margaret Watts
- 2 books—Marion Mitchner
- Large gift of books—Norma R. Smith
- Several mystery books—Alicc Fairbanks
- 40 books—Estate of Madeline D. Allen
- 4 books—Mrs. A. U. Howard

Our readers include 60 adult patrons and 75 junior and teen-age patrons. We feel we have a good selection of books for all ages and urge people to make use of the facilities.

Exchanges of books were made with the State Bookmobile in January, May, August, and October. We have received excellent selections from them each time.

Exchanges were made with the West Chesterfield Branch in April, May, July, August, September, and November; and with the Spofford Branch in June.

Petty cash report:

I took over the position of librarian in October. I have enjoyed being librarian very much. I hope to see many more people taking advantage of our fine library in the future.

Respectfully submitted,

CYNTHIA B. HOUGHTON,

Librarian

REPORT OF THE SPOFFORD BRANCH LIBRARY FOR THE YEAR 1960

There were three exchanges by the State Bookmobile, with an average of seventy books delivered each time. These included adult fiction, non-fiction, and juvenile books.

Mr. Tuttle, library trustee, has, as ever, been most cooperative in the exchange of books between Spofford and Chesterfield.

Although there seems to have been less activity this past year, a total of 273 books have been circulated. We have kept an average of 142 volumes on our shelves, plus a set of the International Encyclopedias, which were a gift from Mr. Heuser.

It has been a pleasure to continue the library service to local as well as transient summer readers.

Signed,

MARJORIE MORSE

REPORT OF WEST CHESTERFIELD BRANCH LIBRARY

February 18, 1961

To the Trustees of the Chesterfield Library:

It has been my pleasure to serve the West Chesterfield Library this past year.

Approximately 270 books have been borrowed from the State Bookmobile. These include adult fiction, non-fiction and children's books.

Many thanks for the cooperation I have received from the Chesterfield Library. I have made six visits to the Library and found the selection very good.

My appreciation to Mrs. David A. Howell and Mrs. George Barrett for their contribution of books.

The Library is open to the public at all times.

Signed,

AVIS GAUTHIER

SUPERINTENDENT'S REPORT TO CHESTERFIELD SCHOOL DISTRICT

It is a pleasure to write my second annual report to the citizens of Chesterfield as Superintendent of Schools.

Our teaching staff has remained the same except for the replacement of Mr. William Carey, who resigned to accept another position. Mr. Carey was replaced by Mr. Alan P. Steenberg in January of 1960. It is safe to say that a fast rate of turn-over of teachers, slows down educational progress and sometimes shows discontentment within our school. I am glad we have a low turn-over rate.

The role of education grows in its importance to the preservation of freedom and the maintenance of our democratic institutions. At the same time, throughout the nation, we are confronted with many problems which bear on education and must be solved. To do less is to invite disaster. The challenge belongs to every citizen. It cannot be shrugged off. Every citizen needs to understand the pressures which are being exerted on school systems everywhere. Most of these pressures resolve around the need for adequate financing, adequate school facilities, additional school construction, adequate supply of good teachers and equal opportunities for all youth. In the face of this it is mandatory for every citizen to concern himself with education, if we are to keep the quality of our program and maintain the good product. The understanding of the role of education and the need for continuing to support it adequately is of great importance in our fast moving world today.

Realizing that the best in education is "none too good" for the citizens of tomorrow, the school must work conscientiously to maintain the best possible educational program. Although much has been done in the past, we realize that a great deal remains to be done because education is a continual process.

My immediate concern deals with the future of our high school boys and girls plus the ever-increasing enrollments in our elementary grades. To be ready for tomorrow depends on how we treat the problems which are now in focus for all of us to see.

I sincerely feel that the citizens of Chesterfield will continue to give their support, efforts and energy to find a solution to our immediate problems.

CHESTERFIELD LUNCH PROGRAM REPORT

July 1, 1959—June 30, 1960

The Hot Lunch Program opened September 9th, 1959, with the school enrollment of 233 children. Each day we average from 160-180 balanced meals.

The rate of reimbursement from Federal Funds remained at 5c for each Type A meal. Under the Special Milk Program we received 4c reimbursement for each $\frac{1}{2}$ pint of milk served.

Menus are made up in advance for the entire month and copies are given to each child and teacher, thus the parents know what the children are eating each day.

At the beginning of each term the first graders are served small quantities of food with the understanding to try everything. If more is wanted they can return for seconds. It is wonderful to see how quickly they learn and the good appetites they have.

We are very fortunate to receive Government Surplus Commodities also a generous supply of eating apples and apples for salads from one of our good neighbors. Due to the high cost of living we are trying our best to keep the charge for lunches at the present rate of 25c a day. If, for any reason such help should be discontinued, or prices of food rise higher, the meal charges would have to be raised somewhat.

In serving our Thanksgiving and Christmas dinners in which all the children and School Staff participated, we had the extra help of Mrs. Valerie MacKerron and Mrs. Elli Herick.

I wish to thank the town folks of Chesterfield for granting the program \$150. We have received several dozen of

knives, forks, spoons, plates, soup bowls and cups plus 5 baking pans.

I wish to express my sincere thanks to our Principal, Mr. Alan Steenberg, and the teachers, Mrs. Inez Houghton, my assistant, and Mr. Allen MacKerron, our custodian. Thanks to our School Board members and our Superintendent of Schools, Mr. Paul L. Clark, for their help and cooperation in making the Hot Lunch Program a success.

The following surplus commodities from the government were received during the school period.

Butter, powdered milk, frozen ground pork, flour, processed cheese, peas, turkeys, cherries, peaches, corn, green beans, apple streudel, peanut butter, tomatoes, plums, dried eggs, tomato paste, apple sauce, sliced apples, ground ham-burg, tins of pork in gravy, and grapefruit sections.

Respectfully submitted,

MRS. LOUISE LEU

REPORT OF PRINCIPAL

To the Superintendent of Schools:

September found the Chesterfield School swelled with an enrollment of 250 students. This is an increment in the student body equal to that of a small class. Some classes reached forty.

As the wheels of education were slowly grinding out knowledge, the three R's were held foremost in our minds. With the mobility of the American family today, education must reach far beyond the local community needs. Many children educated here will one day live in other parts of our country.

Few schools have a professional staff that works as well together as the present faculty of the Chesterfield School. Their dedication to better education has exemplified itself on more than one occasion. Good teachers, coupled with years of experience, are the very foundation blocks of any school.

The increased number of students in the lower and upper grades necessitated an additional staff member. Mr. Arthur O'Neil, Jr., joined us last December to fill this position.

In attempting to bridge the vast gap between the large and small school, enriching social life was made part of the year's program. Trips of educational value in the field of science were taken, highlighted by the Science Fair last April.

The upgrading of the physical education program has made a favorable impact on the community.

New school programs, such as the Rifle Club and School Band, have met with a great deal of fine backing by the parents of this area.

On the medical scene, Mrs. Stella Chickering replaced Mrs. Marion Warner as our school nurse, working with Dr. John Houpis to form a health team of the highest caliber.

In the Foods Department, Mrs. Louise Leu and Mrs. Inez Houghton have shown a corresponding increase in serv-

ice to the now 160-180 average student settings per day. I feel that these figures alone stand as testament to the services performed.

The never ending task of building maintenance and general repair has been the responsibility of Mr. A. Allen MacKerron for the past two years.

There is neither function nor future that could come to pass without the continued individual participation by all the people of this community.

I look forward to serving you another year.

PREVENTION IS YOUR BUSINESS

Carelessness, HUMAN CARELESSNESS, causes 9 out of 10 forest fires. Each year 200,000 fires burn over 30 million acres in the United States. This represents 5 percent of our nation's woodlands being wasted each year. Every fire takes its toll. Floods follow; stream flow is affected; timber, buildings, grazing and wildlife are destroyed — all because MANY are CARELESS with fire in and near woodland. This can be remedied. YOU can put an end to this shameful waste! PREVENTION is YOUR business!

YOU, whether YOU be a farmer, homemaker, business or professional man or woman, municipal, state or federal official, clerk or woodsman can play an important part in the continuing and vital prevention program.

First — by setting a good example YOURSELF — being sensible and complying with the necessary laws and regulations governing the use of fire in and near woodlands.

Second — by using YOUR individual influence in your community and valued council with others in insisting and encouraging them to do likewise.

The following simple rules may be used as a guide both for YOU and for them.

1. Before burning, secure a permit from your local forest fire warden — the law requires it.
2. Be sure to properly supervise your burning — don't leave it.
3. Make certain your fire, camp or debris, is DEAD OUT before leaving it.
4. Don't throw down lighted matches, cigars and cigarettes or from moving vehicles — make sure they are out — Use your ash tray.
5. Don't burn at home — use your town dump and save yourself much possible difficulty, both personal and financial.
